

# **FLOODPLAIN MANAGEMENT/SHORELAND ZONING SIMILARITIES AND DIFFERENCES**

**JANUARY 27, 2022  
MACHIAS**

The Floodplain Management Program and the Shoreland Zoning Program are pleased to co-sponsor a combined full day training workshop for local officials in the areas of Floodplain Management and Shoreland Zoning. The two programs cover many of the same geographical areas so we're joining forces for a day-long comprehensive look at both sets of regulations and how to implement them when the development must comply with both ordinances. We will go over the standards for both programs and then delve into the similarities and differences between the two.

Your instructors:

Sue Baker, Coordinator, Floodplain Management Program, Dept. of Agriculture, Conservation & Forestry  
Dawn Hurd, Assistant Shoreland Zoning Coordinator, Dept. of Environmental Protection

**The workshop will be held on Thursday, January 27<sup>th</sup> at the Washington County Emergency Management Agency at 28 Center Street, Machias.** Parking will be in the lot on the corner of Center and Court streets or in the lot at 24 Center Street.

## **Recertification Credit:**

Certified CEOs will earn 3 credits in Land Use and 3 credits in Shoreland Zoning for full day attendance.

Registration begins at 8:30 each day and the session runs from 9:00 am - 4:00 pm. One hour for lunch on your own. If you are interested in attending the workshop, please return the completed registration form to the Floodplain Management Program **no later than Monday, January 24<sup>th</sup>, 2022.** **Registration will be limited to 20 participants. First preference will be given to code officials in Washington & Hancock counties.**

**Keep this announcement for your records and as a reminder of the training dates as you will not receive any further confirmation of your attendance. Please send in the registration form via e-mail, if possible.**

If you have questions, please contact: Sue Baker at [sue.baker@maine.gov](mailto:sue.baker@maine.gov).
